

**SALON, FOUNDED BY
ALPER DERINBOGAZ, IS AN
ARCHITECTURE PRACTICE
FOCUSING ON TACTICAL AND
EXPERIMENTAL INNOVATION
IN CITIES.**

Salon, founded by Alper Derinbogaz, is an architecture practice focusing on tactical and experimental innovation in cities. We produce designs and studies in the fields of architecture, art, interior design and urbanism.

By focusing on research processes as the catalyst for an evolving engagement with the built world, we speculate on critical solutions for architecture.

Collaboration and openness is important to our work. We value ideas and criticism. The collaborative character of the design and research methods result in developing contemporary solutions for architectural, interior and urban conditions. We value innovation, we investigate contemporary programs, execute latest fabrication technologies, and translate complex digital designs to buildings.

Recognized as an emerging and influential architect, Alper Derinbogaz investigates the possibilities of physical environment through the potential relationships between space and time. His design approach mostly relies on the importance of re-evaluating the context and intensifying it through interventions in multiple scales. Thus, his design varies in scale from the museums to installations, intending to uncover and question the essential elements of the given site and the theme.

Derinbogaz winner of Europe 40 Under 40 Award 2019, has gained many recognitions, awards and honours internationally including German Design Award in 2018, Good Design Award in 2018, World Architecture Award in 2017, Plan Award for Innovative Architecture in 2015, YAP Program of MOMA shortlist and A+ Architizer Award 2015. He represented Turkey in the 14th Venice Biennial International Architecture Exhibition in its debut year of the Pavilion of Turkey in 2014. Three of his built works, Gate, Panorama and Augmented Structures were included in the Best Architecture of the Year Selection, and received the Arkitera Young Architect Award in 2011.

He graduated from Istanbul Technical University in 2005. He received the Fulbright Scholarship for his master degree in Architecture and Urbanism Department at the University of California, Los Angeles by completing his degree with the UCLA Graduate Award. Derinbogaz founded Salon in 2010, referring to the French term, as a gathering space for emerging ideas or criticism. He still continues to lead his architectural design studio at the Istanbul Technical University as a senior lecturer.

SALON, founded by **ALPER DERINBOGAZ**, is an **ARCHITECTURE** practice focusing on continuities between humans, spaces, and the Earth. We produce designs and studies in the fields of architecture, art, interior design and urbanism.

Research and learning is important in our work: We look at great architecture. We embrace details and look for ways to exceed them. Research processes are the **catalyst** for our new work.

Collaboration and openness is important for us: We are contemporary designers. We look at design problems differently. We bring disciplines together that were never done before. The collaborative character of the design and research methods result in developing **sustainable** solutions for architectural, interior and urban conditions.

We value **innovation**: we investigate contemporary programs, execute latest fabrication technologies, and translate complex digital designs to buildings.

Architecture by Salon Alper Derinbogaz breaks up conventional thinking to create innovative and flexible design solution.

Our Passion

We love building life-size spatial artworks.

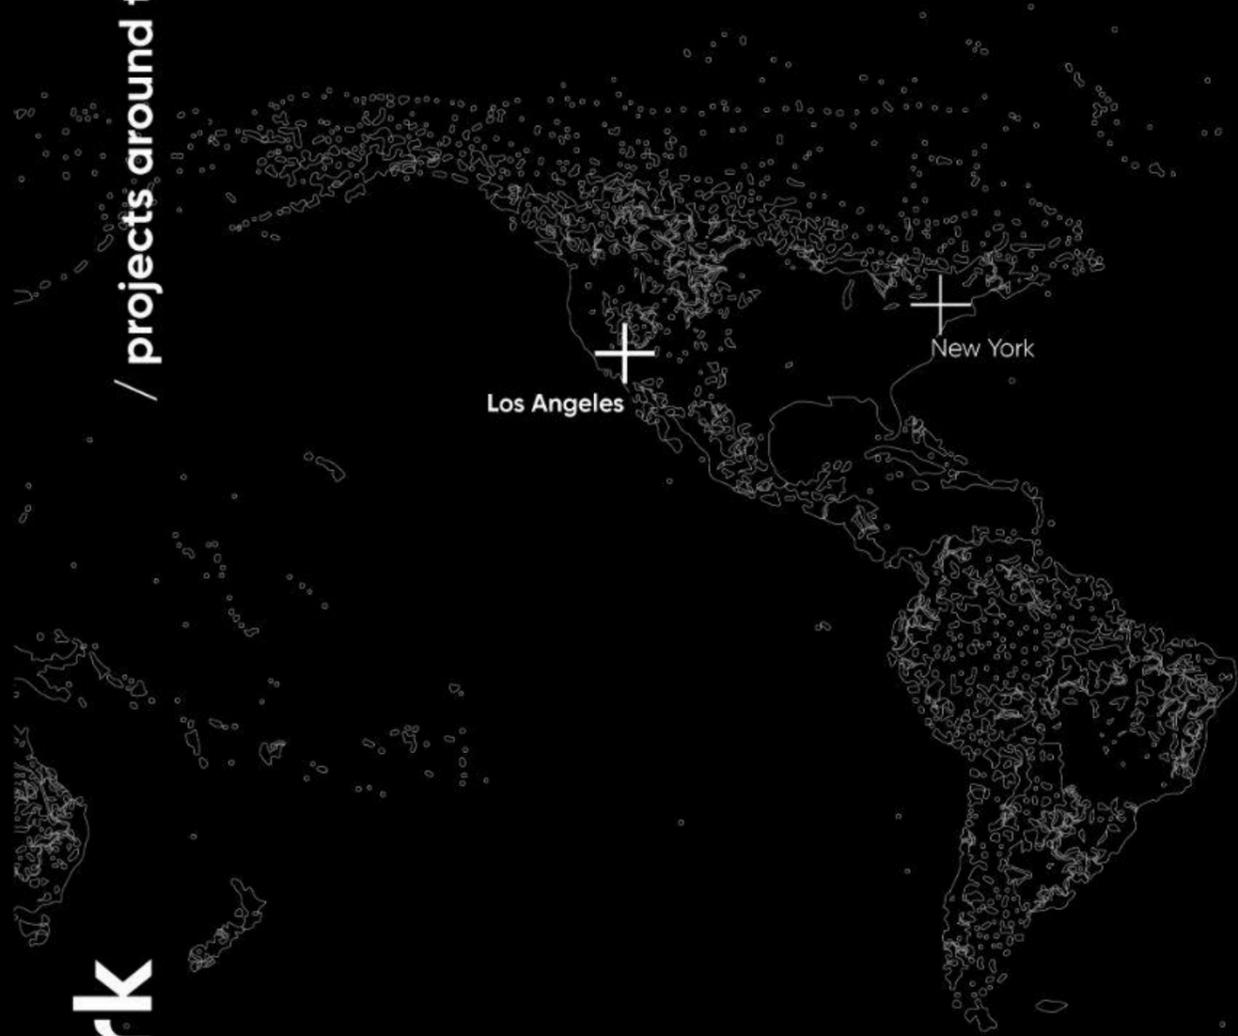

We expect our work to leave positive impact on Earth!

We develop holistic, systemic approaches to sustainability to deliver the most resilient and innovative architectural solutions.

We strive to build the best architecture so our projects end up building our future.

GEOSPACES

ALPER DERİNBOĞAZ

"At a time when architecture is increasingly becoming an instrument of the economy, Alper Derinboğaz's design approach is to stubbornly focus on its fundamental role: to mediate between the man-made and the natural environment."

Reinier de Graaf
Partner of OMA & Co-founder of AMO

"Geospaces brings together a significant body of work providing relevant reflections on an architecture that exists within the fragile nexus of environmental histories, technologies and future terra-formations."

Marcelyn Gow
Design Faculty at SCI-Arc

"Salon, through projects across multiple scales and programs, seeks to intelligently and performatively resonate with specific sites, lands, geographies and climates in meaningful manners."

Kutan Ayata
Vice Chair in UCLA AUD

"Geospaces not only interprets new ways of perceiving architecture outside traditional norms, but also re-configures many layers of urban fabric through creative thinking and theoretical acumen."

Refik Anadol
Media Artist & Director at RAS

"In Geospaces, Alper presents both a humble view of letting earth shape and guide architecture, and a proactive approach of making an intentional effort to maintain the continuity with earth."

Ma Yansong
Founder & Principal of MAD

Architectural history is a fragment of the long evolution of forms of habitat. The shape of the lands and the way we inhabit them are at the root of all architectural endeavours. However, our established conception of architecture is based on a hierarchy between nature and culture. Modernity and its break from the vernacular has led to a crisis of connections which we are experiencing the effects of. To move towards an architecture more in tune with earth, we need to think in continuities, looking at the emergence of natural forms, the history of human inhabitation and the future of fabrication technologies. What if we see buildings as iterations of nature rather than artificial objects?

This book is an extended visual essay of ideas, images, drawings and projects that follows the work of Alper Derinboğaz over the past decade, framing an approach based on empathy with earth. Exploring architecture through the lens of evolution, Geospaces traces relationships between topography, geology, genetics, ecologies, and construction technologies, arguing that a hybrid approach to making will shape our future habitats.

SUSTAINABLE, TECHNOLOGICAL, ECONOMICAL INNOVATION

Our design principles combine pragmatic, economical design solutions with cutting edge technological innovation and sustainability strategies.

ECONOMIC

- Planning long-term profitability while including short-term trends
- Reduce future expenditure and operating costs through early planning and investment
- Make future provision to the long-term plan from the beginning of the project
- Set privilege balance with inclusion
- Designing flexible programs that allow for change over time and buildings

TECHNOLOGICAL

- Employing the latest cutting edge digital technologies in our design processes
- Collaboration with technologists and multimedia practitioners
- Using innovative fabrication materials and processes
- Creating unique user experiences with contemporary digital tools
- Experimenting with algorithmic and parametric design to achieve amazing results
- Maximising the efficiency of our designs using machine intelligent systems

ENVIRONMENTAL

- Using natural resources for the best advantage and effectiveness
- Improve customer experience by designing to create positive contact with natural elements
- Participating in regional development related to sustainability, such as renewable energy and carbon markets
- Identify the market trend by including nature value in project concept and communication
- Long-lasting design considering the local climate conditions
- Respect for the environmental capacity of transport
- Considering embedded energy for sustainability that is necessary not only for the final product but also for the process.

Project List

HORSE SPORTS MUSEUM Museum / Kocaeli, Turkey	6.050 m ²	ECOTON Co-working / Istanbul, Turkey	1830 m ²	PARKOPERA Cultural / Antalya, Turkey	8.040 m ²	AUGMENTED STRUCTURES 2 Installation / Istanbul, Turkey	5 m ²
AQUALITH Land Art / Los Angeles, USA	240 m ²	FOREST LIBRARY Public / Kastamonu, Turkey	785 m ²	GAYRETTEPE TOWER Mixed-use / Istanbul, Turkey	15.620 m ²	KAĞITHANE MASTERPLAN Urban Design / Istanbul, Turkey	30.000 m ²
QUARTZ PLAZA Commercial / Istanbul, Turkey	14.130 m ²	BIOTA Urban Design / Istanbul, Turkey	457.000 m ²	BİLGİ CAMPUS Public / Istanbul, TÜRKİYE	650 m ²	BEYKOZ GLOW Residential / Istanbul, Turkey	390.000 m ²
SPECTRUM Installation / Istanbul, Turkey	6.180 m ²	FİTAŞ PASSAGE Mixed-use / Istanbul, Turkey	1.300 m ²	ATELIER ZEYTİNBURNU Public / Istanbul, TÜRKİYE	5.000 m ²	FERHATPAŞA AUTOMALL Commercial / Istanbul, Turkey	25.500 m ²
CLOUD ATLAS Healthcare / Istanbul, Turkey	76.900 m ²	INNOVATION LOOP Competition-Masterplan Tripoli, Lebanon	70.000 m ²	TRIFOLD VOLKSWAGEN STAND Pavilion / Istanbul, Turkey	50 m ²	TUBİTAK ENTRANCE Competition / Istanbul, Turkey	100 m ²
NEW MEDIA MUSEUM Museum / Istanbul, Turkey	3.530 m ²	CHINIMACHIN MUSEUM Museum / Bayburt, Turkey	1.400 m ²	SİSİLİ CENTRAL Mixed-use / Istanbul, Turkey	522.000 m ²	FİKİRTEPE MASTERPLAN Urban Design / Istanbul, Turkey	490.000 m ²
KARTEPE Residential / Kocaeli, Turkey	6.800 m ²	14.0 VALLEY MASTERPLAN Masterplan / Neuwied, Germany	150.000 m ²	AUTOBAHN HOSPITAL Healthcare / Istanbul, Turkey	28.000 m ²	ATAKÖY MARİNA Urban Design / Istanbul, Turkey	627.000 m ²
ASSOS Residential / Çanakkale, Turkey	245.000 m ²	E-CO HOUSING Residential / Augsburg, Germany	2.000 m ²	THE GREEN CAMPUS Competition-Masterplan / Düzce, Turkey	1.650.000 m ²	MUSEUM OF CYPRUS Competition-1st Honorable Mention / Nicosia, TRNC	1.500 m ²
FABLONN PROTOTYPE ATELIER Industrial / Istanbul, Turkey	3.500 m ²	MALTEPE FIRE STATION Infrastructure / Istanbul, Turkey	1.000 m ²	BAŞAKPORT MASTERPLAN Masterplan / Istanbul, Turkey	590.910 m ²	RENAULT HISTORY MUSEUM Exhibition Design / Istanbul, Turkey	765 m ²
TASHKENT MASTERPLAN Masterplan / Tashkent, Uzbekistan	4.800.000 m ²	GÜLHANESİ MUSEUM Museum / Istanbul, Turkey	780 m ²	CAMPUS İMROS Competition-Mansion / Çanakkale, Turkey	17.000 m ²	NIKE POP-UP GATE Interior Design / Istanbul, Turkey	18 m ²
YILDIZ TECNOGARDEN MASTERPLAN Masterplan / Istanbul, Turkey	49.500 m ²	ŞİLE RESIDENCE Mixed-use / Istanbul, Turkey	12.700 m ²	İZMİR DESIGN CORRIDOR Competition - 1. Prize / Public Installation / Izmir, TÜRKİYE	150 m ²	LUNARLON POP-UP Competition / Istanbul, TÜRKİYE	150 m ²
POROS RESIDENCES Mixed-use / Istanbul, Turkey	21.500 m ²	HUB MICROHOUSING Residential / Istanbul, Turkey	1.250 m ²	İSTANBUL TV & RADIO TOWER Competition - 3rd & Project Development / Istanbul, Turkey	20.000 m ²	PLATEA RESIDENCES Concept Design / Istanbul, Turkey	350.000 m ²
YILDIZ TAŞKIŞLA RESEARCH LIBRARY Cultural / Istanbul, Turkey	16.700 m ²	METRO RESIDENCE Residential / Istanbul, Turkey	6.200 m ²	THE BREEZY SUMMERHOUSES Residential-Recreational Facility / Çanakkale, Turkey	5.870 m ²	ESENLER HOUSING Urban Design / Istanbul, Turkey	187.500 m ²
EDUCATION CENTER Cultural / Istanbul, Turkey	16.500 m ²	BANDIRMA DESIGN INSTITUTE Masterplan / Istanbul, Turkey	260.000 m ²	B2B BEYKOZ LOGOS HOUSES Residential / Istanbul, Turkey	45.000 m ²	GATE LAB Pavilion / Istanbul, Turkey	15 m ²
MUSEUM OF KOLEKSİYON Museum / Metaverse, WWW	10.000 m ²	LOGGIA HOUSE Masterplan / Istanbul, Turkey	180 m ²	FACADE TECHNOLOGIES Facade and Application Software Design		PANORAMA Installation / Istanbul, Turkey	400 m ²
REFLECT STUDIO Co-working / Istanbul, Turkey	600 m ²	SCIENCE ISLAND Cultural / Kaunas, Lithuania	13.145 m ²	METROPOLITAN MUNICIPALITY BUILDING Municipality Building / Sakarya, Turkey	25.000 m ²	ASTORIA MALL Commercial / Istanbul, Turkey	3.500 m ²
REFLECT STORES Commercial / Istanbul, Turkey	450 m ²	VALLEY OF LIFE Masterplan / Istanbul, Turkey	1.200.000 m ²	CT LAW OFFICE Office / Istanbul, Turkey	250 m ²	KAYABAŞI RESIDENCES Competition-1st Prize / Istanbul, Turkey	260.000 m ²
LEARNINIG SKY Urban Design / Izmir, Turkey	8.000 m ²	MUSEUM OF İSTANBUL Cultural / Istanbul, Turkey	40.000 m ²	SCIENCE MUSEUM Museum / Sakarya, Turkey	5.000 m ²	RUDAS BATH Mixed-use / Budapest, Hungary	6.000 m ²
EARTHFLOW MUSEUM Cultural / Izmir, Turkey	3.250 m ²	GREEN HUB ANTALYA Masterplan / Istanbul, Turkey	1.200.000 m ²	SAKARYA CITY SQUARE Urban Design / Sakarya, Turkey	10.000 m ²	BEYOĞLU THEATRE Competition-1st Honorable Mention / Istanbul, Turkey	7.650 m ²
MOBILITY DELTA Industrial / Public / Gemlik, Turkey	32.000 m ²	VILLA TOPOS Residential / Izmir, TÜRKİYE	1.000 m ²	YAP (YOUNG ARCHITECTS PROGRAM) Competition-Finalist / Istanbul, Turkey	750 m ²		
MELES Urban Design / Izmir, Turkey	3.925.000 m ²	BEYLİKDÜZÜ VALLEY AND BRIDGE Urban Design / Istanbul, Turkey	910.000 m ²				

completed project size
6.396.348,00 m²

ACADEMIC BACKGROUND

2007–2008 M.A. Architecture II Second Professional Degree, University of California, Los Angeles
 2000–2005 B.A. Architecture, Magna Cum Laude, Istanbul Technical University

RECOGNITIONS AND ASSOCIATIONS

2023 Europe's Next Generation 40 Architects by Platform
 2022 The American Institute of Architects, International
 2022 Share Architecture Community
 2020 Archdaily Best Young Practices Award
 2018 Europe 40 Under 40, The European Architecture Center
 2011 Young Architect of The Year Award by Arkitera
 2008 UCLA School of Architecture Graduate Award
 2008 Fulbright Graduate Program
 2005 Turkey Architecture Association Success Award

SELECTED AWARDS

2021 Memorial Design for Pandemics and Health Laborers Competition, Second Prize
 2021 Songdo Library International Design Competition, Honorable Mention
 2020 Istanbul's Cemetery Design Competition (Cihat Burak) 1st Prize
 2020 Meles Stream as Ecological Corridor Urban Design Competition, Winner Of 1st Prize
 2020 Golden Horn Waterfront Design Competition, 1st Mention
 2020 Velux Bringing Light to Life Award, Chinimachin Museum
 2019 Young Architects Selection & Exhibition, The Circle
 2018 Green Good Design Awards, Winner, Chicago Athenaeum (Antalya Greenhub Masterplan)
 2017 German Design Awards, Winner, German Design Council (Parkopera)
 2016 Kaunas Lithuania, International Contest for The New National Science and Innovation Center, Honorable Mention
 2016 2a Asia Awards Finalist (Antalya GreenHUB Masterplan, Parkopera)
 2016 World Architecture Awards Winner (Office Central)
 2016 WAF Finalist (Parkopera)
 2016 The Plan Awards Finalist (Antalya Greenhub Masterplan)
 2016 Valley of Life International Competition, 3rd Prize
 2015 International Architizer A+ Award Special Mention
 2015 Parkopera, National Competition Winner of 1st Mention
 2015 Beylikdüzü Valley and Bridge National Competition Winner of Mention
 2011 Best Buildings Of 2011 by Arkiv (Augmented Structures, Gate, Panorama)
 2006 SMD "S.O.S. Istanbul Seashores Renewal Competition", 1st Prize
 2005 International European "Renewal for Which Inhabitants?", Antalya Kepez (TU),
 2004 UIA "Celebrating Cities International Competition", Jury Great Prize

JURY MEMBERSHIPS

2021.04 Futurate Space Creative Business Cup Istanbul
 2020.06 Archasm 'HOME: Design Your Dream' Competition
 2020.01 Skyscraper Competition, Evolo Magazine
 2020 Fall, Haydarpaşa Silos, Graduation Studio 402, Bilgi University
 2019 Fall, Biodesign Institute: A Venue for Science and Community, Graduation Studio, ITU
 2019.06 24h Competition 30th Edition, Mozambique
 2019.05 School of Architecture – Çuhadaroğlu Competition
 2019.05 Living Pamukkale Competition
 2016.05 Mimed, National Architecture Students Award
 2016.03 Noah's Ark International Competition Ideas
 2018 Fall, Ecologies of Living Speculations for Housing, Graduation Studio, ITU
 2015.05 Awr Nyc Sky Condo New York City Farm Tower Competition
 2013.01 Borusan Kindergarten Competition

STUDIOS

2023 Fall, Healing Environments, Youth Center, Grad. Studio, ITU
 2022 Spring, Urban Mobility Lab., Grad. Studio D, ITU
 2021 Spring, Rural Design Institute, Grad. StudioA, ITU
 2018 Spring, Option B, Grad. Studio, Bilgi University
 2017 Spring, Link Experiments on Nature, Architecture & Production Mesh, Architectural Design V, ITU
 2017 Spring, LOG The New Media Museum & A Local Archive, Architectural Design VI, ITU
 2016 Spring, Collective Dwelling, Architectural Design VI, ITU
 2016 Spring, Form of Doing Community Spaces in the City, ITU
 2011 Fall, Augmented Structures, Master of Architecture Studio, Bilgi University
 2010 Fall, Girift, Master of Architecture Studio, Bilgi University

TUTORING WORKSHOPS

2009 "Repose", Superm.Arch.Et, Darfo, Italy
 2007 "Floated", Elefsina, Greece
 2006 "Trashed", Common Place, Budapest, Hungary
 2006 "Sauna" Letterfrack, Ireland
 2005 "Videomass", Bergün, Switzerland
 2004 "Touched", Lille, France

EXHIBITIONS

2024 Fuori Salone, Statale Main Exhibition Area by Interni, Milano Design Week, (upcoming)
 2023 "The New Together", Venice Biennale Collateral Event, Scuola Grande della Misericordia, Venice
 2022 "Commons & Communities Global Architectural Exhibition", Danish Cultural Institute
 2022 "Algorithmic Cremation", Ancient Futures Exhibition, Istanbul Archaeological Museum
 2022 "Geospaces", Milano Design Week, Arena Gallery, Milan
 2021 "Geospaces", Reading Room Installation, Royal Academy of Spain, Rome
 2020 "Transient / Fani" at 'Scale' Exhibition, Versus Art

Project

2018 "Space Graph" Exhibition, Versus Art Project
 2017 "Condense", Soul of City, Marmomacc Verona, Italy
 2017 "Reset-Foil", Future Tellers, Digilogue
 2017 "Frequency", Sarmal Sergisi, Yapı Kredi Culture Center
 2016 "Passage-Spatial Simulation", Waves Exhibition
 2016 "Green Hub Antalya", MIPIM, Cannes, France
 2015 "Borders" International Architecture Biennale of Antalya
 2015 "GreenHUB Antalya", MIPIM, Cannes, France
 2014 "Modalities of the Spontaneous", Pavilion of Turkey at la Biennale di Venezia, Venice
 2014 VÇMD Dreams to Realities Exhibition, Collective School
 2013 Open Buffet, International Antalya Biennial
 2012 "Augmented Structures v2.0, Istanbul Design Biennial,
 2011 "Augmented Structures v1.0, Yapı Kredi Culture Center
 2010 "Girift Studio", Bilgi University
 2006 "Trashed", Common Place, Budapest, Hungary

LECTURES

2023 Alper Derinboğaz, Sci-Arc Fall Lectures, Los Angeles (upcoming)
 2023 Kosovo Architecture Festival, Pristina
 2023 "The New Together", Venice Biennale Collateral Event, Venice
 2023 SEED International Architecture Festival, Perugia
 2023, AIA NY Center for Architecture, Geospaces Book Launch, New York
 2022 UCLA AUD Fall 2022 IDEAS Alper Derinboğaz Lecture, Los Angeles
 2022, SHARE Architecture Forum, Keynote Speaker, Sofia
 2022 DAAily bar at Swiss Corner, talks from greatest minds in the field of creation, Milan
 2022 Geospaces Open Lecture, Berlin International
 2021 Parametric Architecture PA Talks, Speaker
 2021 Arts & Ecology Panel, Sónar+D Istanbul, Panellist
 2021 Fulbright Alumni Association, Distinguished Guest Speaker
 2021 "Spatial Ecologies", Khas University
 2020 "Open Boundary", London Festival of Architecture
 2019, London
 2019 "Innovation for Cities", Arch and Design Summit
 2019
 2019 "Codes of Architecture", International Architecture and Design Symposium
 2017 "Design Encounters", MEF University
 2017 "E-Dimension, Keynote" Speech, Eko Design Conference
 2016 "City Urgencies" New Generation Festival, Genova
 2015 "Beauty, Ugly and The City" Soho House
 2015 "Performativity and Gradients in Design" Bilgi University
 2015 "Modalities of Spontaneous" Bahcesehir University
 2014 "Design Ecologies", New Generations, Florence
 2014 "Dirty Rotten Beauty", Arkimeet
 2014 "Scale Operations", Lebanese American University, Beirut
 2014 "Intricate Territories" Polis University, Tirana, Albania
 2013 "Public Art and Architectural Lunaparks", Public Bits, Architectural Association

262+ International Suppliers

118+ Engineers & Consultants

6+ Strategic Partners

KEY STRATEGIC PARTNERS:

Luca Molinari, Milano
LM Studio

Architectural Research, Curatorship,
Publishing
With an extensive experience that spans
over 30 years

Satoru Sugawihara, Los Angeles
ATLV

Exploring the frontier of computational
design technology through design prac-
tice
Research in contemporary architecture
and spatial design

Peter Bauer, Vienna
WERKRAUM

Experience of 25 years of structural
engineering with the current technology
status,
New scientific findings and modern static
solutions

Thomas Auer, Munich
TRANSSOLAR

Solving problems by designing better
buildings and cities
That can play a role in addressing climate
change

Andrew Watts, London
Newtecnic

A pioneer in building engineering technol-
ogy,
Focusing on design innovation from con-
cept to fabrication
